Twk admins have worked on a new little system as a thank you for donations, which support our web- and server costs.

In-game skins of different kinds and sorts are available on all our game servers.

Wcs offers some wicked special races on top, to ensure an even more enjoyable gameplay.

Check our forums for the more information and feel free to click our "Reward Hall" shortcut in the main top bar, to take a look at the rules & goodies!!

Twkgaming thanks you for the support
