

UNBAN REQUEST

Posted by TeamEkmek - 09 Jun 2011 20:21

I just got banned by M3ntoz for no reason (thats my opinion)

only he thinks i'm the same person who get a ban before

but this is not just giving me a permantly ban i think this is ridiculous only on a suspicion he has that im the same player

because i have sort of same name and same picture but we are with some friends who have same names and same pictures

but i'll change my name if this is a problem

i explain him that this was not but he say i have to get to forum for getting me unbannd

i hope this go's fast because i recently found TWK servers and always play them

i spend much time to get levels on warcraft

so please just unban me
