

Frag limit

Posted by DreamState - 28 Jul 2008 21:24

I've reduced the fraglimit to win a map to 50 - 80 just seems too much for most maps. I altered the map vote to allow three extensions of the frag limit (by 10 each time) to 80.

Played with this set lower tonight and it seems to keep things moving a little more. Some maps might need to be reduced a little further (blackhawkdown).

quite like reduced frag limit but i think it's reduced too much, how about 60 kills instead?

You da man, Big man

I just LOOOOOOOOOVE deathmatch!

Its freakin awesome.

Its the same as when I first started playing GG

Deathmatch is the new black.

Thats what cool ppl say so im told:P B)
