We demo,ban and take away ban if its fail.

Does that mean, since there's no demo there's no ban? or did i misinterperet this and it means the demo failed but the ban still stays since there's no evidence i never cheated either?

That`s correct,but i think ive readed that Art Of War can not remove it. We another admin to do that. So yes, your ban should be removed in a short time if that`s the correct thing.

Can only say sorry for your waiting,and tell you to have patience with us.

Then we can only say sorry if thats the case. A ban is possible to remove. And we are humans,so we do mistakes:) I understand both sides,but will support a comrade admin=)
