THanks for your Time ~EvilSaint Thank you for taking the time to come on for your m8. He was banned for standing in jail on surf 10x final and knifing everyone who appeared before they had a chance to move, racking up a stupid score (close to 100 kills when I joined) and peeing off the other players on the server whilst ignoring requests to stop being a complete nuub. I am willing to remove the ban if a repeat doesn't occur. Re: OMG Banned. Posted by EvilSaint - 12 Apr 2009 21:18 thank you for your time aswell. I'll tell him why and i'm report back with his appology..and you can un-ban

him if he desirves it after i've talked to him.

his reply

&guot; Sorry, i was leveling up on the afk players and suddenly got banned, i don't recall being told to stop once, maybe its because i didn't have sound last week It won't happen again sorry"
