Surf maps
Posted by VoGon - 07 Oct 2010 13:40

Calling all surfers to list the <u>current maps</u> that need to be removed and what maps need to be added on our surf deathmatch server.

I joined the other day and noticed some maps have bad textures (ie. cant be seen as new OB screwed some textures).

Current list is:

Chaara

surf rebel resistance final3 surf 110b austinpowers surf_mai_remix surf omnibus surf buck-wild surf_10x_reloaded surf_scoutzknives_final surf fastspiral v2 surf_matrix_v8 surf_breakfloor_final3 surf_greatcanal_v2_fix surf_japan_reloaded surf legends surf_buck-ed_up surf_4fun_reloaded surf bazoo remix surf_japan_ptad

Remember they should be fighting maps and not skill ones as the skill maps go into the surf skill server.
