## Surf maps

_____

Calling all surfers to list the <u>current maps</u> that need to be removed and what maps need to be added on our <u>surf deathmatch</u> server.

I joined the other day and noticed some maps have bad textures (ie. cant be seen as new OB screwed some textures).

Current list is:

surf_rebel_resistance_final3
surf_110b_austinpowers
surf_mai_remix
surf_omnibus
surf_buck-wild
surf_10x_reloaded
surf_scoutzknives_final
surf_fastspiral_v2
surf_matrix_v8
surf_breakfloor_final3
surf_greatcanal_v2_fix
surf_japan_reloaded
surf_legends
surf_buck-ed_up
surf_4fun_reloaded
surf_bazoo_remix
surf_japan_ptad

Remember they should be fighting maps and not skill ones as the skill maps go into the surf skill server.

Cheers.
