I came online in de dust extended. They said what he had done but i had no proof, alsoooky was there and we both got all the info. Togheter we decided due to lack of evidence to not ban/kick.

Now we got some videos and i will watch them right away.

edit: I don't think i can see the server logs, thats something for the main admins.

edit2: on the cisciii.dem file i only can see him doing it once (that's still against the rules ofc)

 Watching the other 2 ciscii vids now

edit3: The serpentwards demo is a nice one, i think he deserves some kind of punishment now. serpent wards in opponent team spawn + in scoutknifez.

edit4: blocking the bomb like that is also against the rules. I think it looks a bit clear now what's gonna happen. (vid from hupa)

that's my couple of seconds demo. I guess you can't really see it's genesis doing it but at least it shows what you can do with a legoman. I don't know why I made it so short.
