

Im sick of it.

I'm really, really sick of all the knife races.

They ruin every map.

They ruin scoutknifez3.

and at some point, 70-80% of the enemy team has been knife races.

It's really bugging me out.

In short, I'm hating the knife races. I'm sure some other people are too doubt you'll do anything. just saying.

That Hatres guy seems very provoking tbh and if i was on the server i would perm ban him even though this specific situation isn't about him. solely because his name constantly seems to be coming up for the wrong reasons. I don't understand what Art did that was so bad in that shot of the console? If someone isn't speaking English on the servers then they shouldn't be speaking as it is irritating for those whom don't understand. He issued a warning which was obviously ignored rofl. I can't see any other issues? If there are more please inform me.

Cheers, Eski.

He reacted in a strong and correct way as i just (20 min ago) kicked a player for calling me fils de put after i said it was english server and he was supposed to talk that and not french with his friend.
