

## Minecraft 1.8 is out!

Posted by Tunes - 14 Sep 2011 10:12

---

Well, according to notch, the update will rollout officialy today

&quot;We just uploaded Minecraft 1.8, but minecraft.net isn't up right now because of web ops stuff&quot;

But the damned site has its ups and downs, so expect delays with the update, later tonight I will see what comes out of bukkit.
