Okay, you didn't really explain anything there...

Okay, what happened:

1. Creeper realised you had a sign with his coordinates on it...
2. Creeper told his faction.
3. Max and Creeper raided &quot;Town&quot; and killed all its members
4. ScrubNubs claimed some of the land and destroyed the sign with the coordinates on it.
5. ScrubNubs and &quot;Town&quot;'s members had a row.
6. Everyone got angry and are raging at Creeper (Yet again o.O)
7. I was unsure on what to do so I just tried to calm everyone down. (im not sure if any punishments were needed or were necessary (as creeper had already been warned))
