is correct, when i had a rule-making phase i went with no wards in either spawn. But also, you cant use wards on bombsites/hostages and you have to leave one route free. So you can't just camp in a place where the other team cant get to without walking on wards. <br /><br /><br /><br />There were also a few maps where they were totally not allowed but i can't remember which, mainly the tiny ones e.g. awp\_float</font><br /><font size=-3><br />=====
