This is sooo funny xD

Go on this site, it's a chat bot, it answers questions and asks some simple question. It's very dumb, but funny the first 10 minutes. Anyways, go in this site: [window.open\(this.href\);return false;](http://santabot.com/&quot;onclick=&quot>window.open(this.href);return false;\) And then you'll type this question: &quot;How many women do you rape per day?&quot;
