

Bioshock

Posted by VoGon - 22 Sep 2008 19:20

Guys,

Just "bought" this one and it rocks. Amazing atmosphere and scenery just like everyone commented.

Love the idea and set, but lacks more than just shooting ppl to shreds...

Like lots of ppl commented a lovely idea that was a bit lost on the action...

Anyway I would give it 9/10 for everything else.

Behave!
