

1 on 1 Aim Maps

Posted by Gazza - 06 Oct 2008 17:20

Stolen from old cups that used to be help by Tigit - dno if they are still doing them- but basically 1on1 Ladder winner

They used the aim_map, map funny enough but any map could be used basic idea was first to 30 wins swap sides at 15 only rifles could be be used. Winner won a small prize. Could be a good idea for a compeition
