

MI: convert mp3 to midi

Posted by liger - 10 May 2010 22:54

first time ive searched so long for software which seems so trivial

HOW THE HELL does one convert mp3 to .mid .midi or .mmf?

(old polyfonic phones)

Also, not sure if you came across it...

www.mididb.com/; onclick="window.open(this.href);return false;
